Changes to the self-isolation period for those who test positive for COVID-19

From Monday 17 January, people who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6.

The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day. All test results should be [reported to NHS Test and Trace](#).

If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever is earliest.

Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10 day period of self-isolation.

Further [information on self-isolation for those with COVID-19](#) is available.

YouTube Supervised Experience

I have shared this one before, but I have done quite a few parent sessions virtually on behalf of schools over the last couple of months and the awareness of this relatively new service from YouTube is really low.

Supervised Experience builds on the historic (and pretty poor) Restricted Mode, which is essentially a filter allowing users to block content which is deemed for adult users only. There are now 3 filtering levels which are:

- Explore - for users 9+.
- Explore More - for users 13+
- Most of YouTube - all content excluding content marked as 18+.

Importantly, parents manage these settings from their own device via Google Family Link.

There's a really simple and helpful guide [HERE](#) which is worth sending out to parents or linking on your school website, it also includes a walkthrough video (under "Supervised Accounts on YouTube - How do I Get Started?").
