Did you know, you can download an app, onto a phone, it's a free app where you can buy fresh food at a discount, because it would otherwise be thrown away at the end of the day. You buy a 'Magic Bag' with a random selection of items for less than they would normally cost (Morrisons on average, £10 worth of really good food for £3) You collect your food during a specific time slot. Morrisons is the first UK supermarket to take part, alongside cafes, restaurants and bakeries including big names like Costa Coffee and Yo Sushi.
